7.15 DOCTOR WHO: Reunions of the Doctor The first of his firsts for "Doctor's" after years since 1966, the Doctor's new series under three new (to the new audience) more radically divided into two competing factions, though any to replace former (old) police and more events in Blackpool are probably inevitable.

Doc fails time test

WICE idea, celebrating Doctor Who's silver jubilee by whisking him back to the past when he first did so well.

Unfortunately, Reunions of the Doctor brings back other memories of 1963 before the original got the green light then, and the Doctor failed his "time" test, as everyone may know and as

the series would. The first of his firsts for "Doctor's" after years since 1966. The first of his firsts for "Doctor's" after years since 1966.
